## Welcome to our spring edition of News Reel.

We are excited to share that we have made further investments at White Acres for 2019. In particular, **£40,000 has been invested into Pat's Pool**. The silt has been removed, new pegs built and fish stock added to ensure we continue to give you the best fishing experience whilst you're with us.

We've highlighted some of the key work across the next few pages, this includes;

- Thousands of new fish added, including within the match lakes
- New pathways around Nelson's
- New pegs on Nelson's and Pat's Pool
- Brand new accommodation
- New menus in Polkerris Bar & Restaurant
- Being more self-sufficient in our fish breeding and re-stocking programmes
- Investments into the Junior & Intermediate Festival for 2020

**...plus much more.** Watch this space for further updates or keep up to date using our social media pages.

### New Fisheries Guide now available

Full of everything you need to know about fishing at White Acres plus a map of the lakes and pegs, top hints and tips on the best baits and methods for each lake plus those all important rules.

Stop by The Tackle Shop on park to pick up your free copy or download it today from [whiteacres.co.uk](http://whiteacres.co.uk)

### Fisheries Team

We've introduced extra team members for 2019 to help keep our fishery running smoothly. Last year we also introduced someone totally dedicated to lake maintenance. Their role has ensured we keep on top of tree trimming, peg and path repairs and anything else that may need replacing throughout the year to make sure your fishing experience is both a safe and enjoyable one.

We also have a fisheries warden who has been assisting in lake maintenance, maintaining lake health and safety reporting and permit checking late into the evenings. Plus they are out and about on the lakes for general assistance.

### Meat Rule

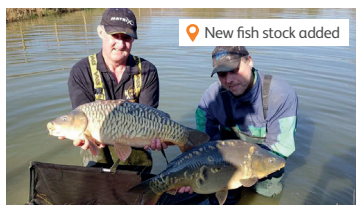

In order to improve and sustain our water quality we've continued to stop the use of meat on our lakes. Since introducing this rule last year, this is helping to reduce any greasy residue that could collect on the surface after match days and festivals. The reduced fat is also beneficial to our fish welfare.

# LAKE UPDATES

£40,000  
INVESTED INTO  
PAT'S POOL  
FOR 2019

Our winter work has run smoothly and the lakes are all fishing well. Check out a few highlights from what's been going on to ensure your fishing experience is the best that it can be.

## PAT'S POOL

We opened Pat's Pool on 1st April after some major development work to improve your specimen fishing experience!

## PAT'S POOL CATCHES

Shane Witney and Dan Field from St Albans bagged four carp between them from Pat's Pool in the first hour of opening.

First was Shane with a 19lb mirror carp. Shane had another two fish in quick succession of 17lb and 18lb.

Dan was the second with a carp weighing 17.8lb which secured him the second bait bundle.

# FOCUS ON PAT'S POOL

**Pat's Pool is our main specimen lake with carp from 15lb to 30lb and many catfish from 20lb to 70lb and they take boilies so watch out!**

We have invested a huge £40,000 into Pat's Pool for 2019. We have spent a significant amount of time on improvements to ensure your fishing experience is the best it can be on this lake.

We have totally drained Pat's Pool to remove all of the silt as well as implementing a total re-shape of the lake; making the island bigger which has given each swim its own space.

We have removed all of the lilies and dyed the lake blue which has stopped them growing back – this has successfully reduced the amount of algae within the waters. Pat's Pool has also been restocked with 50 of the initial carp stock along with 40 new

carp from VS Fisheries and 35 of the biggest catfish weighing from 30lb to 70lb. These improvements to the lakes stock makes it a great lake for people looking for plenty of bites.

The pegs have all been reinforced with log frontage to reduce the erosion. The lake has also been gravelled and wood chipped to keep the pegs looking tidy.

As Pat's Pool is our main specimen lake, these improvements are guaranteed to give you the best possible fishing experience.

**Hope to see you on there soon.**
